

Fishing

Samoa Adventure is the only Resort-based fishing operator in Samoa.

Though our Sailing Catamaran is obviously not a "proper" Game-Fishing boat; - it seems the fish don't mind!

In 2005 we even won a local Fishing Tournament and we have also successfully participated in Samoa's International Game Fishing Tournament.

"Shilo II" is a stable and comfortable Sailing Yacht, offering a lot of space and shade which is welcoming for non anglers as well.

The boat is ideal for small groups, families and all those who want to experience something new: SAILING & FISHING.

Dont' worry! - we also catch bigger fish than that one... !

- Yellow Fin Tuna, Dogtooth Tuna, Big Eyes, Skipjapcks
- Mahi Mahi (Dorado, Dolphin Fish)
- Bill Fish (Sailfish, sometimes even Marlins)
- Wahoo
- Barracudas (they are good to eat in Samoa)
- Rainbow Runners
- Giant- and Bluefin Trevally

... but: no "fish-guarantee" - that's why it is called fishing, not catching!

We fish with Shimano- & Penn Gear (4 rods and one hand-reel) - don't expect the "top of the range".

Our "Catch Policy": You keep all the fish you can eat (the Restaurant will cook it for you), we keep the rest for trips where we provide lunch.

Wind permitting, we fish under sail whenever possible, but we also have an engine allowing us to troll at a speed of up to 6.5 knots.

For our FISHING CHARTER RATES please refer to the "Our Trips" page.
